## PRESIDENT'S REPORT

Despite four teams reaching the semi-finals, two to the grand finals and one premiership, 1982 signalled the end of our 'Golden Era'. However, every member of the club should feel proud. We did it hard! The victories didn't come as easy, the injuries were more numerous and more serious and we still managed to achieve the above.

I know that many other clubs would be grateful to achieve only what we achieved this year, but we are not 'other clubs' and once you've been to the top, it is hard to accept anything less. We are far from being a spent force in this competition, in fact we have most of the ingredients to continue the success of the past five years. With a strong Management Committee, a dedicated and enthusiastic Social Committee, a fair and unbiased Selection Committee, we only need one other thing . . . good young players.

It is time we as a club reassessed our position, our attitude and our direction in an endeavour to ensure the future success of our great club. Perhaps because we have had the same nucleus of players for the past five years, young players in search of a club feel we are a 'closed shop' and look elsewhere. Each one of us should make an effort to attract them to Hunters Hill.

An overall policy should be formulated to achieve this. There has been a lot of discussion about an overseas trip at the end of the 1983 season. Personally I am in favour of this. Because of the great financial success of the Social Committee over the past couple of years, the club could be basically self-sufficient for the 1983 season, leaving nearly all money raised to subsidise the trip. A lot of discussion and thought should go into the destination and the fund raising should be undertaken by all those intending to go, not just the Social Committee.

Discussion has been underway for sometime with Council regarding the lighting situation at Boronia Park. Council approve in principle the need for improved lighting, but owing to a lack of funds they feel the project may be still some time away.

Following a meeting between the executive of your committee and the Mayor and Council engineer, it was agreed that a sizeable donation from the Club (\$2000) may well facilitate the project being completed by the commencement of the 1983 season. The Committee decided that the improvement of the lighting was of the highest priority, and should Council undertake the project in view of the Club's donation, we may well have the standard of lighting we have been wanting for so long.

To the members of the Management Committee my thanks for their time and effort. To Roscoe, a special vote of thanks. Despite a serious injury during the season he managed to cope with his role while giving directions from his hospital bed. It is not true that Roscoe is taking an overseas trip on the money raised from the tennis night.

To the four coaches who with Geoff Forster made up the Selection Committee, thank you once again for your thankless task, which you performed without fear or favour.

To Johnno, the victorious Whiddon coach, and to those who played in the team throughout the year, Congratulations. They were favourites all year and they played as a team and deserved their victory. Maybe it was Johnno's mild, democratic manner 'Shut your face or I'll smack you in the mouth'.

To Alan, Brunno and Ike, the Committee and the players thank you for your dedication and we all wish we could have brought home the cups for you.

This season was again a great success socially and financially. Three revues, improved canteen facilities, numerous functions all contributed to a record profit. Naturally there are several people to thank. Malcolm Baird and Grant Millard who with Ralph and the numerous other helpers are truly the Social backbone of the Club. To the licensees of our unofficial clubhouse, Ted and Alison Polly, words cannot adequately express our gratitude. Naturally there are many others who have worked behind the scenes contributing in their own way to the many successful and enjoyable functions. While running the risk of probably forgetting a few, there are some who need mention — Paul & Sandra Bryan, Jonesy, The Pearce's, The Ellis's, John the Pom, Clem and others.

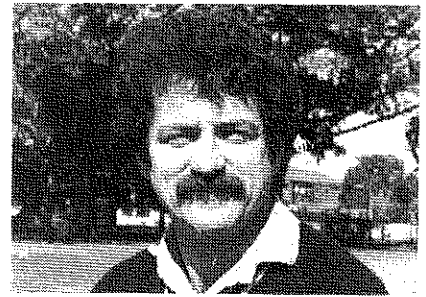

It has been noticeable that behaviour at some functions this year has been questionable. It may be suggested that the reason for the decline in the numbers of wives and girlfriends attending functions could be attributed to this factor. Food for thought!

I will be suggesting a restructure of the Management Committee at the Annual General Meeting. I feel this alteration, if passed, will enable a more efficient and effective Management Committee.

I do hope that those of you who are considering standing for positions, assess your suitability for that position and don't be trapped into a situation you didn't really want in the first place.

I wish you all well in the off-season.

COWBOY

## VICE-PRESIDENT'S REPORT

Hunters Hill had yet another great year on the field in 1982. All teams made the semi-finals, making that achievement for the fifth successive time. I doubt if any club in any standard of rugby could boast such a magnificent performance. The sterling effort by Johnno's "boys" in bringing the Whiddon Cup back to its rightful home provided the icing in the cake.

The year had its ups and downs and perhaps the most consistent "down" was the massive strong of serious injuries. While many of these are just plain bad luck I cannot help but feel that our fitness, or lack thereof, had a lot to do with it. We owe it to ourselves to achieve a higher standard of fitness in the future (especially since I've retired). We also need to look to the recruitment and encouragement of younger players. We must develop a selection policy biased in favour of youth in order that they can develop their games. We don't want the experienced players to give it away, they have been and will continue to be the strength of the club; but we want the young to be encouraged to come and stay with the club. While on this matter I feel it is important to restate that the club's attitude to the running game must not change. This style of football took us to the heights of recent years and must not be abandoned. If necessary we must experiment with selections at the expense of reputations in order to put all the personnel on the paddock that will play the way we want. This alone will keep younger players interested.

There are many people to thank for the magnificent jobs they did for the football side of the club. The coaches did magnificent service and I doubt if any club has a better panel of dedicated rugby men. The people who willingly helped every Saturday to set the ground up, Dave Head who delivered and returned the jumpers every week, and all those who did hundreds of odd jobs with no complaints all deserve our sincere thanks. However, special thanks is certainly due to Tim Hughes who spent six hours sitting on the sideline attending our injured players for every match of the season. Words cannot express the players' debt to you, Tim. Thanks, mate.

The club's future is not in doubt. But I would ask all of you to make a special effort for 1983. Get out and find a player or two and bring them along to play with the bent club in sub-district. Get yourselves fit and enjoy the game they play in heaven.

ROSS ELLIOTT

## DEREK MacRAE – SECRETARY'S REPORT

The 1982 season has not been the most successful the club has had in the past few years, although with the 3rd Grade Whiddon Cup winning their premiership and the other three teams making the semi-finals and finals the players have again shown great spirit.

The social scene has been very well organized with Mal Baird and Grant Millard working very hard to lift the club profits to around about \$10,000 this season. A great job well done. Thanks must also go to those people who supported Mal and Grant during the year.

This report will hopefully be presented at the A.G.M. and I ask all those who are present to think carefully before nominating a person for a position on the Management Committee as those elected will be in charge of this great club for the following year. *This is where Hunters Hill Rugby Club starts for 1983.*

Finally I'd like to extend by thanks to the members of the Management Committee for their efforts and support during this past year.

## MALCOLM BAIRD – SOCIAL CONVENOR'S REPORT

You'll be pleased to read that I am not going to ramble on about shoes (the size of) nor any other article of my predecessors' wardrobe. Suffice to say that at the start of the year I felt the task of having as successful a year as John, quite daunting. Well, I think we cracked it and ended up making heaps (see Social Treasurers's report) but more importantly the good times we had throughout the year at the various functions are, I think, to be treasured.

As on the field, running a good social calendar requires a team effort. I therefore have to extend a big thanks to Grant Millard and Ralph (of frozen bread and curtain pulling fame) the Bong.

The year teed off with the Golf Day followed by the Christmas Party which was another great success. To Ted those weren't earmuffs flying from your flagpole in the morning. Well done all the Pollys and thanks for the help through the year.

Going home from the Wimbledon night at 3 a.m., I tried to jump Groucho's fence in one and landed on my nose, I wasn't in too good a shape. But everybody said the next day it was a great night. So I'll go along with that. Thanks, Groucho.

The fancy dress was a boomer but we were a bit light on numbers. The star of the evening of course, who deserves a mention, was Sue O'Toole.

Thanks to Jimmy Pearce, Trent and Peter Ellis for organising the best car rally I have been on. It was a great day.

The ladies of the club – Christine Polly, Sandra Polly, Sandra Bryan, Cheryl, Stella and Pam, staged a fashion show which was a big eye-opener, especially when you're operating the music by the dressing room door. Thanks, ladies.

Cowboy did a fine job of organizing the Quiz night. I never believed it could be such a good night and would personally like to see another next year.

The Port afternoon at Pollys managed to kill off a few more billion brain cells and Jonesy did a herculean job of bringing the food. Thanks, mate.

The Club put on 3 revues this year but on that I have prepared a special report.

The Grand Final party was a raging success and confirmed what most suspected that Al Clarke's head doesn't bounce very well. Everyone got paralytic and I look forward to being able to use the sailing club again (under an assumed name).

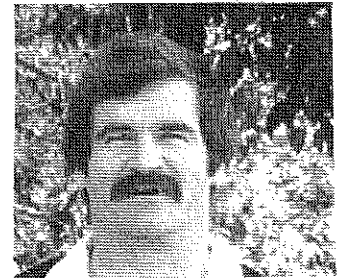

With everything we did this year it would be easier to name those who weren't directly or indirectly involved with the success of this year. But name some to whom I owe thanks I must: – Paul and Sandra Bryan, Trent, Jim Pearce and Peter Ellis, Pam & Al Evans, John Hibbert, C. Hopper, Shagger, Christine, Alison, Sandra, Ted & Dave Polly, Jonesy, Billy Rock, Griff, Ken Mac. I am bound to have omitted people but for this I humbly apologise and hope that everyone has enjoyed the year as much as we.

I would just like to pen a few thoughts here while given the chance. The job of social convenor as I see it, is that of raising money and to see that there is as much enjoyment off the field as on by belonging to the club. On both accounts I believe us to be the envy of most clubs.

What we must do as players to help the Social Convenor is to exchange positive ideas what we would like him to organise for us, and things like whether Burts Cellars is a good idea, etc.

Finally I wish all the very best to my successor and may he never run out of a Tia or Resches Pilsener.

MALCOLM BAIRD, L.P.B.

## IKE – PUBLICITY OFFICER'S REPORT

After soundly beating 13 well known and popular club members for the honoured position of Publicity Officer I quickly showed my great ability with the pen and except for a couple of weeks when Trent Duval reared his ugly head, my pen easily outdid my sword.

This year we had Truth Monthly and I feel it was quite a success keeping club members and supporters informed at the most active social part of our year, November to May, the off season. And of course Truth Monthly was sponsor to that great sporting event, that Holy occasion, the Catholics vs the Protestants cricket day in which they played for the "HOLY TRIVAL CUP" (Solid Gold except for the black parts). And don't forget it was Trugh Monthly that warned you all of Millards return and of John the Poms sneaking back into the country. The many letters of thanks were appreciated.

One year gone with Bob Johnston and his teams maintaining the clubs pride with a great win in the Whiddon Cup grand final – but just stop and think if we had a bad year how bad did 7 or 8 other clubs go.

I would take time to express my thanks, and I'm sure of all club members, to the management committee for a thankless job bloody well done and for a fine year put on by the Social Committee, in particular Mal Baird.

Remember the best way to support your Club is to be active within it which means when asked to help with the work load smile and do it, DON'T whinge and walk away.

See you at the A.G.M.

Think Pink,  
IKE

## GEOFF FORSTER – CLUB CAPTAIN 1982

1982 proved again another outstanding year for Hunters Hill. By making the semi-finals again in 4 grades it shows once more that we are the most consistent club in the competition.

It was a most difficult season in regards to selection, injury and above all that we still ended up running second in the Club Championship. Firstly, may I congratulate all the players of the club for their efforts this year. As I said, it hasn't been easy this year giving everyone regular games but as true club men you took it like real Quiche Eaters.

To the coaches, well done on a difficult year, not having the same side every week due to injuries makes it hard to settle down but with all this we still won the Whiddon Cup grand finalist Burke, the final in Judd and the semi in Kentwell.

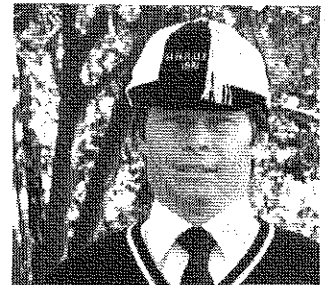

There's a lot of talk both in our club and other clubs that our era is over, but they've been saying that since 1977. The hardest thing after a difficult year is to bounce back and hit them with everything we have next year, this means more dedication to "TRAINING", less drinking, which I will personally supervise next year.

Again at the start of the season we migrated back into a Tia Maria bottle and flew North. The match against a touring All-Black side proved full of guts and blood, "all ours". Needless to say we lost which set the scene for the rest of the season. After the game it was the usual Disco Perving, cards, losing money and throwing up and everyone can't wait till next year.

To the Management Committee congratulation on another successful year and also to the Social Committee led by Mal Baird, well done for another successful financial year.

Once again thanks for the last 2 years.

FOSSY

## ALLAN SOUTHCOMBE – CLUB COACH REPORT 1982

Congratulations to Bob Johnston for winning the Whiddon Cup and taking the prize that eluded him last year. To coach a team is hard enough, but to Captain Coach a team and not only end up minor premiers and then win the Grand Final takes good play and determination.

The Whiddon Cup side not only consisted of the Grand Final team but a large number of players who, through circumstances, did not play in the Grand Final. They are just as much a part of the team as the rest. Congratulations.

Tony Brunson, well done. To advance to the Grand Final and then be defeated is still an honour and your club is proud of you, and the Burke Cup side.

To Paul Ivory and the 4th Grade side congratulations on a rewarding year in advancing to the finals. All the players that made up the Judd Cup side, approximately 30, thank you for not being too discouraged by the selections and the times when we would not play everyone. You are the real backbone of our club.

The selection committee had at times very difficult decisions to make, we tried to do the correct thing and not let bias creep into our decision. The committee consisted of the four coaches and Geoff Forster, and I would like to thank them for the help.

Hopefully next year the lighting situation will have improved dramatically. The Management Committee should be looking at ways of improving the equipment and facilities at our training sessions so we can advance in our abilities, which are not as yet being fully exploited.

Thank you, to all the members of the Club for giving me and the other coaches an enjoyable year. To Matthew Maxwell, well done on winning the Club Best Fairest Competition and I hope you will continue to play with us. I'm sure you can improve even more, if you try.

## KENTWELL CUP REPORT 1982

The Kentwell Cup team had a hard job this year to live up to the record of the past years. Although being beaten in the semi-finals, it was a good effort to be there.

The team was obviously in the need of a few key players and the loss of Andrew Mostyn, and Mike Oakley with a broken leg was a large slice out of our backline.

We obtained two very talented players to the Kentwell Cup side in Mathew Maxwell and Greg Loane, both of whom had the misfortune of suffering injuries which put them out for short periods. I hope they both stay with the club and enjoy their football with Hunters Hill.

Geoff Forster, our Captain, had a very difficult job, as the team was never the same from week to week, having to adopt to the position of ½ back made the mental and physical drain heavy.

Our two captains in the forwards, Tony Brown and Shane Wolfe, had leadership and strength which was the inspiration to let us win in situations where we would normally have fallen.

The members of the team who represented N.S.W. in the representative side were David Polly, Shane Wolfe, Grant Millard, Geoff Forster, Paul Bryan and Shane Causor. Congratulations to them, as the time with the representative side adds to the pressure of playing well consistently.

Thanks must also be given to Phil Power, our team manager, the support he gave is often not recognised, but when we are preparing for a game, Phil becomes the man we all depend on to have what we require and he usually did.

Tim Hughes, our Zambuck, is like the Pony Express; he is their rain, hail or shine, all day, and his dedication can not be given enough gratitude from the team.

Lastly, thanks to all the players that played in the Kentwell Cup this year. It is still the highest honour to play with the best team your club can field. To Mathew Maxwell congratulations for winning the Best & Fairest. You deserve the honour for your excellent consistant play.

## BURKE CUP REPORT — 1982

Perhaps a disappointing climax to an enjoyable season of rugby was experienced by the second grade side. However, considering our inconsistent form, it was an incredible effort to be runners-up in the competition. Full credit to all players and reserves who participated throughout the year.

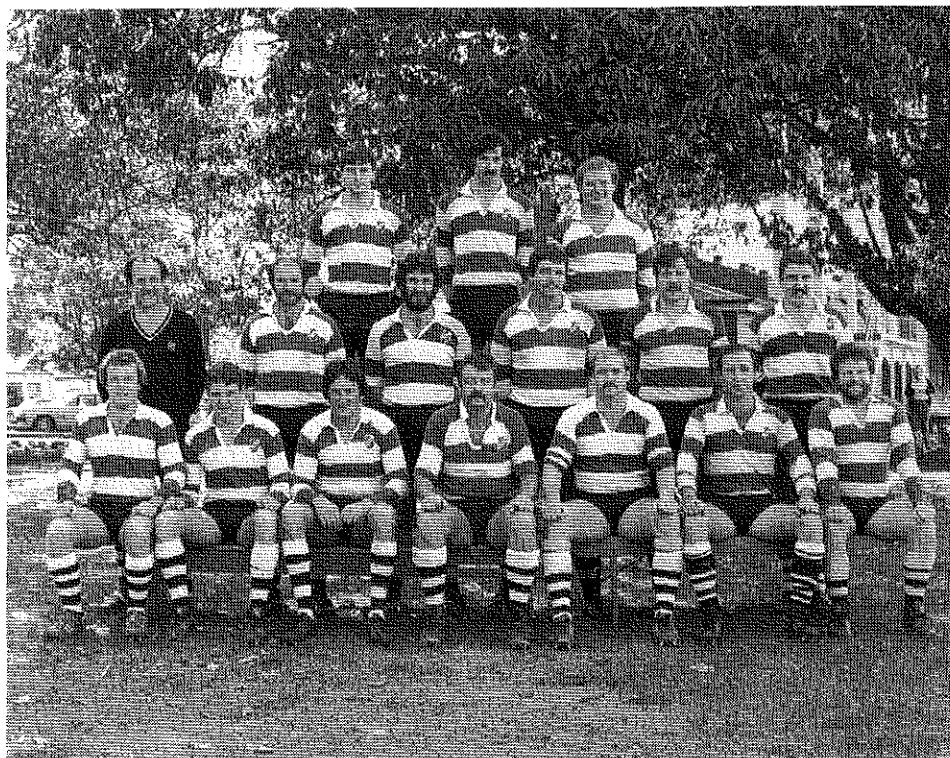

Some highlights during the season were: —

- a) Being beaten convincingly by the team running last.
- b) Beating the team coming first.
- c) John Whittington reaching 99½ games for the club.
- d) Alan Garrick scoring a runaway try.
- e) Bill Sullivan's magnificent semi-final field goal.
- f) Ivan Fitzgerald and Peter Webster toying to make three legs out of two.
- g) Geoff Lindsay winning the grade best and fairest.
- h) Matthew Maxwell winning the club best and fairest.
- i) Russell Kershler attending training.
- j) No strikes.

Obviously the team changed each week due to injury or form. However, for most of the season, John Pausey, Glen Burgess, Peter Ellis and Wayne Farthing formed a formidable forward nucleus while in the backs Andy Davis, Doug McNally and Gary Lane played consistently well.

My thanks to all who played, help coach, sat by as reserves, and those who did the numerous other tasks it takes to get a football team on the field each week. Special mention must go to Tim Hughes as first-aid officer for his devotion to duty throughout the season no matter what the weather.

Thanks to second grade for their effort at training and on Saturdays. We were very nearly "the champions".

## WHIDDON CUP REPORT 1982

The Whiddon Cup team started the season in great style being undefeated in the first round with some good performances from Glen Burgess, Andrew Davis, Brad Hughes, Steve Harmat and Russell Kershler, who lasted 47 minutes. Then the second round started and with some changes to higher grades we found ourselves losing our momentum but with some gutsy displays by the teams selected each week the Whiddon Cup looked home and hosed. Then on the eve on the major semi we lost Kevin Miller with injury and in so losing the man that keeps the back line together. In the game we lost our confidence and it showed at the end of the game with a lot of very disappointed footballers. But in the next week the team spirit picked up to where it was in the earlier rounds and with our players in their proper positions and having Mark Farrer, Shane Walsh and Glen Burgess back in our side there was no stopping the Hunters Hill Whiddon Cup. We outplayed C.B.O.B. in the final with good games with Chris O'Toole, Brian Robertson, Jimmy Pearce and Mick McNamara being outstanding. Then in the grand final we went on the field with the will to win and it showed, especially in the first twenty minutes where grand finals are won or lost. The forwards for the first time showed they could play football together with dominating the Rack, Mauls and Lineouts giving the backs clean ball. The backline in turn put on an array of moves which the opposition could not contain.

In summing up the year I could only thank the players who did their most for winning the Whiddon Cup and in saying that I would like to thank Ian Dale who scored two tries in the grand final. But it also takes fifteen players to win grand finals, so congratulations to the rest of the team. The Whiddon Cup best and fairest players was won by Peter Wray who had a great attacking season and was one of the reasons the team made the grand final. A special mention must be made for Ian Dale, Pat Hagan and Shane Walsh who shared the Man of the Match in the grand final.

## JUDD CUP REPORT 1982

Was it one season too many or one season too few — its a worry I tell you. 45 of the keenest club members kicked off the season and by half way were running hot and there was still 40 of them left and each week more new guys turned up. Mid-season, in walked Tony Tanired to put pressure on the backs and late in the season we found Tony Marsden on our door step and with only a couple of weeks left Tony Lima came back. We had the team but it was not to be; still making the final was no disgrace and it made me feel good to have 18 reserves for the final.

My thanks go to those guys who really have the club spirit in them even though they got too few games they were there week in and week out — Max Malcolm, Dave Grigg, Billy Rock, Ralph Carter, Andy Oakley and Errol Gardner. To Tony Marsden congratulations on winning the best and fairest after only 5 games. I don't think you will be playing Judd Cup next year, Tony. To the many guys who put it on the field each week, Nigel Hiffe (a great year's football, Nigel), John White, Tiny, Russel Scott, Simon Wilson, John Peachey, Stuart Armstrong, Derek Macrae, John Glennon and a cast of thousands, my sincere thanks. Finally to Tony Brunsdon who shared the season as Captain -- thanks Tony in a fine effort playing Judd Cup and coaching Burke Cup, its hard to keep doing it each week.

I would also like to thank the other coaches and to congratulate Bob Johnston on his team being the Premiers, also Geoff Forster as Club Captain with his help in selections and with talking to the guys who were not getting too many games.

Well, that's two years coaching (sorry, training) Juddies, both years in the final four. Next year, well, who knows . . .

Thanks,  
IKE

### IKE'S SURFERS PARADISE 1982 PRE-SEASON TOUR

Off on the club's first overseas tour, 42 of the strongest and fittest players and Dallas winged off to Surfers Paradise, Qld., on the 26th March for 3 days. Most of the troops spent the best part of the day in the Red Bar getting over the fact Millard was home and worse, he was going with them.

Once overseas in Qld., it was Jim Pearse and Peter Ellis who soon had the local lingo under control and in a matter of minutes had mastered a simple one liner "Double Tia Maria's and Milk Buddy". This was to be of invaluable service for the rest of the tour. Saturday morning saw the troops make full use of the rest period to prepare for the game and by midday most, if not all, were pissed. The club's great Club Spirit showed when some even made it to the game. As for the game, well, after allowing the locals to win -- just to teach them some humility -- we brought out the real team and drank all their piss. The rest of the night was spent using the local phrase we had picked up, being nice to Andy Davis and trying to find our way back to the apartments.

Sunday morning bright and early about 12 noon everybody got up and pretended to be enjoying their hangovers by lying around the pool and drinking beer or watching those with any money left give it to Macca at cards. Macca (how did he get on the tour) had somehow managed to learn to play cards or should I say everybody else had discovered how not to play, whatever, Macca had this big grin all weekend. Sunday afternoon was taken up trying to show the locals at the Broadbeach Hotel how much damage we could do to ourselves in 4 hours and still be fit enough to go out all night. Meanwhile Cowboy was having no luck; his hired Moke had lost all its moveable parts (like wipers and jack) and at the Broadbeach some cad had let down a tyre, it took all of his skills to stop Brownie and Wooda from tipping the bloody thing on its side to change it. At this stage Dallas had still not left his apartment and had watched 20 movies he was fast getting a name as the tour playboy.

Monday morning came and went, Macca was still winning at cards, Paul Bryan had still not been to bed, Dave Head and Garry Lane finally found their room, Brownie gave Cowboy back one of the wipers off the Moke, Gonzo was thrown out of the Saune (for an unthinkable), Allan Clark was still giving diving exhibitions by the pool and, God bless his little soul, Andy Davis was finally alone. On board the bus to the airport it was discovered Reddog was missing and after a quick show of hands it was decided to leave him there. It was late Monday afternoon when we got back to the Red Bar, though not all in perfect condition, when somebody was heard to say: "Where to next year Boys?"

## TREASURER'S REPORT

The current year saw the Social Committee surpass itself once again in its revenue earning ability. For this I thank on behalf of the entire club Malcolm Baird and Grant Millard in particular but certainly all other persons who devoted their time in helping out.

In the same vein I would like to thank the Vice-Presidents and other Stalwarts of the Club for their continued support both financially and personally for without this dedicated and loyal brigade we would be, *just* another club.

You will notice that the success of the Social Committee did not directly reflect itself in the Balance Sheet. Total Assets at 30.9.81 were \$20,650 but at 30.9.82 total assets had grown to only \$21,596.57 + \$2,770.61 (Soc. Committee) = \$24,367.18

This phenomena has not been brought about because of mismanagement or fraud or anything of this nature. In the main it has been brought about by the accounting system used. It is for this reason that the management committee has asked me to outline details of exactly what the Statement of Receipts and Payments purports to show.

This statement sets out only those payments and receipts made in the period 1st October, 1981 to 30th September, 1982 – no more and no less. In order to verify this the member may agree the closing cash figure from the previous year, i.e. as at 30.9.81 to the opening cash figure this year, add on all receipts and deduct all payments for the current year to arrive at a figure which represents available cash at 30th September, 1982, that being: \$978.82 + \$2,770.61 (Soc. Com.) = \$3,749.43

The statement is not a profit report. To understand why the success of the Social Committee has not been reflected in our Balance Sheet, we must consider two factors: –

Firstly we made purchases during the year of "capital items" such as T-shirts for which we still have stocks – the asset: stock not having been included in our Balance Sheet. But we shall reap the benefit of their sale in future accounting periods. Secondly we have the problem of a non-matching of "revenue" receipts and payments. If you care to look at the payment for Presentation Night in the Statement – this payment relates to the 1981 presentation night of which all relevant receipts were reported in the year ended 30.9.81, thus it is clear that the receipt and expenditure did not match up in the one year, the result being an overstatement of cash last year and an understatement this year.

The above has only been a brief attempt to explain the meaning of the club's financial statement, although it may appear on the surface to be inadequate I do not advocate any departure because the adoption of an accrual based system would necessarily mean that the office of Treasurer would have to be filled by an accountant which may not always be possible.

Anyway, moving away from this theoretical accounting discussion I would like to make mention of one other point. More so this year than any other I have come across the practice by more than a minority of the members to attend the various club functions on a "buy now pay later" basis. It never was and never will be a policy of this club to finance functions in this manner. Not only is the problem a financial one but just take a moment to consider the amount of time which various committee members spend following up outstanding debts, examples being the Annual Ball and the Sub-District Dinner – if this was not a necessary task, those committee members would be able to devote more of their limited time to make the club run more smoothly for the benefit of all members. Finally, for the 3rd year in succession it is my recommendation that players fees remain at \$30 but that associate fees be increased to \$10 to cover administrative costs.

Many thanks to the committee and all the members for their support of me during another great year with the club.

G.M. SANFORD  
Treasurer

It should be noted that the transfers from Social Committee to Management Committee are not in agreeance. This is due to the fact that \$1,800 was paid by the Social Committee in the year ended 30.9.81 but not received by the Management Committee until year ended 30.9.82.

Additionally the 1981 Social Committee Statement of Receipts and Payments should have read "Transfer to Management Committee \$2,571.95" and not \$771.95 as indicated. Further "Cash at Bank" should have read \$578.11 and not \$2,378.11.

**AUDITOR'S REPORT**

I have examined the books and records kept by the Hunters Hill Rugby Union Football Club (Senior Club only) with the exception of the records kept by the Social Committee, and found them in order. The above Balance Sheet and Statement of Receipts and Payments have been prepared from the records and books of the Club and in my opinion give a true and fair view of the financial position as at 30th September, 1982.
